

## Product Specifications

|                       |                                     |
|-----------------------|-------------------------------------|
| <b>Product Family</b> | Zybrnet 10G                         |
| <b>Category</b>       | Cat.6A/7A                           |
| <b>Product</b>        | Shielded RJ45 Connector Solid Pairs |
| <b>Item no.</b>       | ZN63022                             |

### Approvals

ANSI/TIA-568-C.2

ISO/IEC 11801

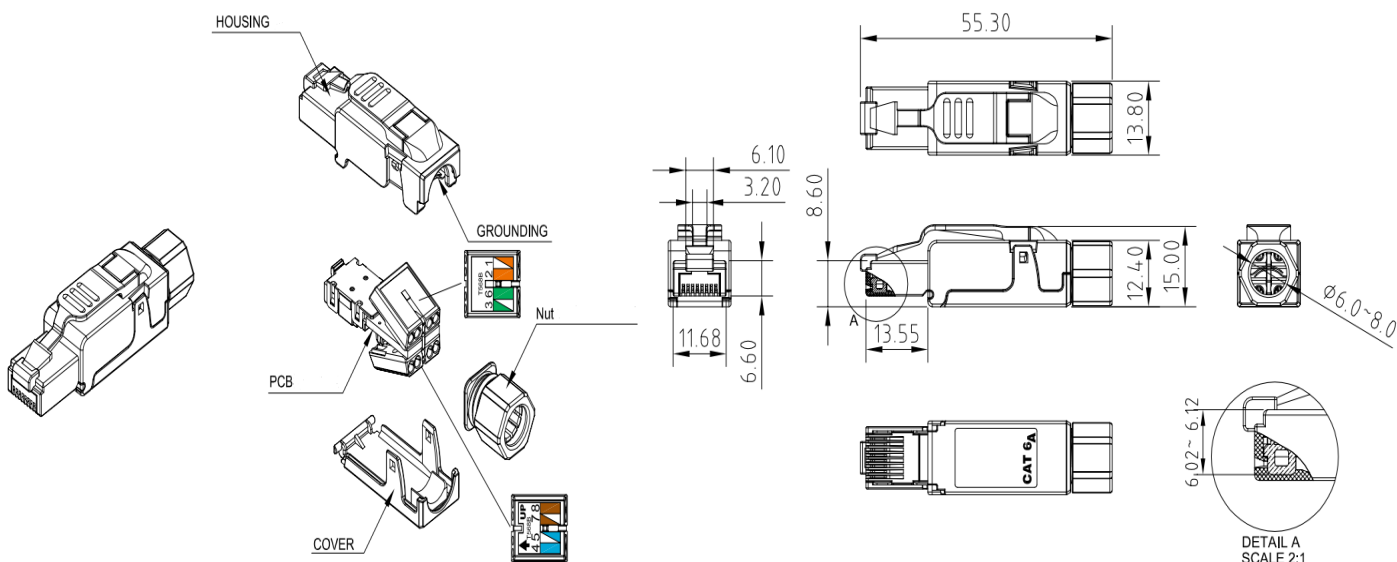

### Applications & Features

 Simple assembly

 Cut/Clamp technique

 Cat.6A / Cat.7A

### Product Drawings

### Physical properties

#### Materials

Housing  
ContactPin

IDC

Zinc-alloy fully shielded  
Phosphor Bronze alloy plated with 50  
micro-inch Gold  
Phosphor Bronze alloy with 100  
micro-inch 100% Sn alloy

### Electrical & mechanical properties

#### Electrical

Di-electric withstanding voltage

Insulation resistance

#### Mechanical

IDC wire gauge

1000V D.C. or A.C Peak  
1 min @ 60 Hz a.c. contacts  
500MΩ min. @ 100V d.c

23~26 AWG
